- During the month of August 2026, cash decreased by (\$339,682), leaving an ending cash balance of \$1,897,761.
- The decrease in cash is primarily caused by EU tax liability payments and final payments to vendors and contractors for services incurred at the Global AppSec EU 2026 conference.
- As of August 2026, the Organization has 4.5 months of cash on hand.
- Accounts receivable is \$719,860 as of August 2026. The balance primarily consists of receivables that are over 90 days old, totaling \$409,785.
- Other current assets are a total of \$642,388 and are made up of 3 CD accounts at Chase and funds due from Eventbrite, PayPal, and Stripe.
- Accounts payable is \$151,447 as of August 2026 and is primarily made up of monies owed for conference venues, VAT Taxes, reimbursements, and vendors subsequently paid in the following month.
- AP
- Other current liabilities balance is \$42,451 as of August 2026. This balance is primarily composed of VAT tax liabilities owed to the EU entities. The driver of the increase is due to additional tax accrued for the period.

Statement of Activities

This statement is often referred to as the *Income Statement* or *Profit and Loss*, and it is designed to represent an organization's accrual-basis revenue and expenses over the course of a specified period. The difference between total revenue and total expenses is referred to as *Net Income*, or *Earnings*.

- Total operating revenue for the month of August 2026 is \$462,420, compared with \$391,128 in July 2026. The increase is primarily driven by higher conference income this month, particularly sponsorships and training revenue.
- Year-to-date operating revenue is \$4,146,448, compared with the year-to-date budget of \$3,271,382 and annual budget of \$4,824,238. During the same period in the prior year, year-to-date operating revenue was \$3,128,153.
- Sponsorship and training revenue is performing above year-to-date expectations, while project donations are tracking significantly below both year-to-date and annual budget expectations.
- The favorable variance in operating revenue is primarily due to receiving conference income earlier than expected.
- Total operating expenses for the month of August 2026 are \$252,251, compared with \$560,042 in July 2026. The variance in operating expenses is primarily driven by a decrease in conference expenses due to the Global AppSec EU 2026 event held last month.
- Year-to-date operating expenses are \$3,314,841, compared with the year-to-date budget of \$3,101,168 and annual budget of \$5,084,073. During the same period in the prior year, year-to-date operating expenses were \$3,033,425.
- The unfavorable variance is due to the recording of EU tax compliance expenses, which were not budgeted for 2026.
- After accounting for non-operating activity, the Organization recognized a net income of \$202,281 for the month of August 2026 and year-to-date net income of \$823,523.
